Na Hoa Holomoku Yacht Club

January Club Schedule: Potluck 6:30 PM on Wednesday February 9th at Wailoa State Park Pavilion #3.

As you can see from the following we have some vacancies. Can you step forward? 443-1036.

Rear Commodore Power - Vacant

Rear Commodore Sail - Vacant

Membership Chair - Vacant

The new board is looking for input from the membership for this year's sailing season and other desired events.

This Wednesday's potluck guest speaker is Coast Guard Auxiliary examiner Mr. Egma. Please come and learn what items you really need to have aboard to be floatworthy.

John Messina has some really great looking boat stuff geared for the 25 to 35 foot sailboat range. To see what he has available please contact John at 965-7500.

John Luchau is selling old extra nautical charts of the Hawaiian Islands and other areas of the world on eBay. Check eBay under "Nautical Navigation." Each chart is offered at \$3.99. 982-5959

Glenn Shiroma has been tenacious in his pursuit of Wailoa River dredging and an additional boat ramp on the makai side the river bridge (for sailboats to rig on trailers and launch). His actions have paid off by introduction of Senate Bill 1485 by Sen. Lorraine Inouye and House Bill 1314 by Rep. Jerry Chang. Both bills are to appropriate funds for capital improvement projects in their districts. Each bill mentions dredging and the Waiakea Kai boatramp. Glenn needs a committee to help pursue these two bills please call him at 959-7682 or me at 982-5959.

February 2005

Join us for fun, food and friendship on Wednesday February 9th beginning at 6:30. Pavilion #3 in Wailoa Park.

Monthly Potluck—Wednesday February 9, 2005 at Wailoa State Park Pavilion #3 6:30PM.

Membership Dues Are Due Now! - Dues are \$40 for Regular Family Membership, \$24 for Associate (off island) and \$20 Juniors/Fulltime Students

Here at left we have four determined sailors in a Walker Bay 10. Last sail day.

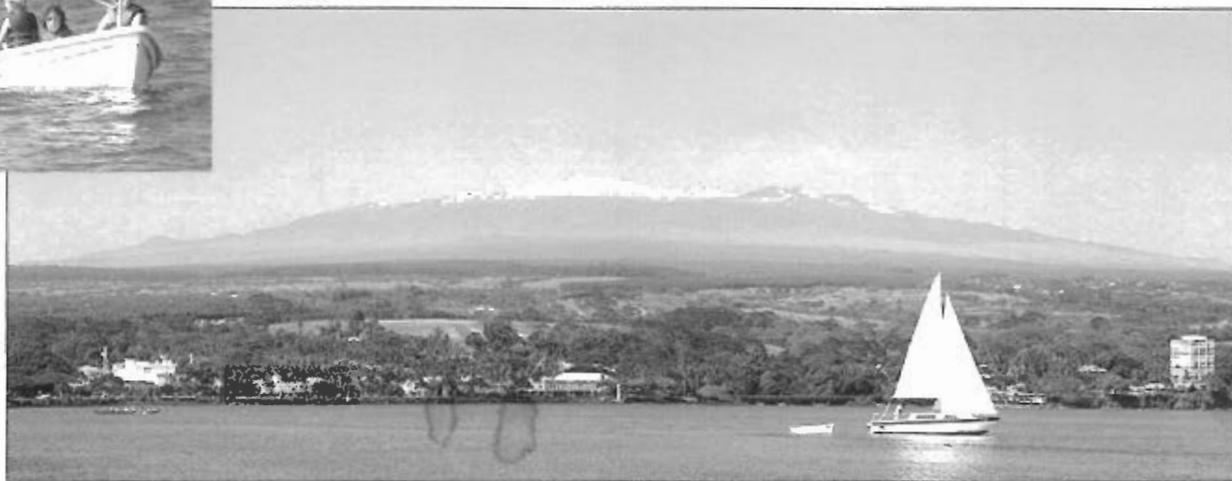

The club will be hosting **sail days** on Sundays following each of our monthly potlucks. Please come to the potluck to sign up and to volunteer to help set up boats or run a committee boat. The club encourages the use of our West Wight Potter 19 and our two Hobie Cats but need to have clubmembers who are interested in sailing them be responsible for the logistics of their rigging and their cleanup after sail day. Last sail day Scott let a group of five sail to their hearts content in "Naia." Thanks Scott. We had a great time!

Want to continue receiving this wonderful publication? Make certain you've sent in your **dues for 2005**.

Articles are needed for the March (big) Newsletter. Please submit articles to me via SkiprJohn@aol.com or mail at HC2 Box 6661, Keaau, HI 96749.

Ideas for future club activities should be given to Jon Olson at 443-1036.

Beautiful **photos** compliments of Robbyn Peck

Right is Scott and Lynn's "Naia" on last sail day.
