Racers headed for leeward mark. Notice port tack boat near center. He is heeled to windward slightly to put more sail area higher where the wind is stronger. He should be sitting more forward to balance the boat a bit better. You can tell by how the bow is a bit high compared to the boat on his starboard. (Photo courtesy of Tania Chylkova)

These are photos of boats in Reeds Bay. There will be more in subsequent flyers. I'll leave space near each photo so you can jot down notes about each boat. Identify what builder, what rig, boat name, boatowner's name, etc.. A prize for the most correct answers will be awarded at the annual membership meeting.

Important notice. The YMCA owns the Sunfish sailboats numbers 1 through 9 and these boats should be treated with the utmost care. YMCA membership (935-3721). **Attention!** Boats 1 through 9 can only be used on club/Y sponsored official sail days or for Y sponsored training.

Top photo shows racers approaching the leeward mark. Boat 9 must stand clear of 7 and 4 due to overlaps. Bottom photo shows boats after rounding the mark. Boat 9 can demand room from 7 but 7 cannot give room until 4 moves clear. If 4 does not move clear, 7 can protest 4 and 9 can protest 7. **No collisions please!** (Photos courtesy of Tania Chylkova)
